Features:  
• Welded in-house for quality control  
• Laser & formed 2 piece main channel  
• 3/16 inch ASTM A-1011 pickled & oiled steel plate  
• 3/16 inch formed rack & pinion steering brackets  
• 1/4 inch lower crossmember mounting pins w/gusset  
**NO Overseas Parts**

### Coil Spring Upper Control Arms

American made coil-spring upper control arms are specialty engineered, machined and TIG welded for strength, durability and to bolt-on to your front end.  
Features:  
• 1 inch Tubular DOM Material  
**(Strongest in the Market)**  
• Greasable Urethane Bushing Not Rubber Bushings  
• Screw-in Ball Joints USA Made by OEM Supplier  
**NO Overseas Parts**

### Coil Springs & Shocks

Specialty engineered for strength and durability  
Features:  
• Factory shocks come with bushings, hardware and are available painted blue or chromed  
• Black powder coated coil springs are made from ASTM A-401 quality steel and are offered in three rates: 300, 375 & 425 lbs. per inch

### Coil-Spring 2" Drop Spindle

Specialty engineered for strength and durability  
Features:  
• CNC machined in-house  
• Two inch dropped spindle with steering arms  
• 4130 chrome moly steel spindle shaft  
• Holes tapered for heavy duty screw-in ball joints Factory bolt pattern

### Heavy Duty Coil Spring Lower Control Arms

American made heavy duty coil-spring lower control arms are specialty engineered, machined and TIG welded for strength, durability and to bolt-on to your front end.  
Features:  
• All Engineering, Machining & Fabrication Done Inhouse  
For the Highest Quality Control  
• Stamped Spring Pockets with Correct Spring Index and Correct Spring Angle  
• Energy Suspension **USA Made**  
• Urethane Bushings  
• Ball Joints USA Made by OEM Supplier  
• 1 1/2" DOM Material **(Strongest in the Market)**  
**NO Overseas Parts**

### Anti-Roll Bar

The American Made bolt-on suspension product will decrease body roll, improve handling and give you a more controlled drivability.  
Features:  
• Energy Suspension urethane bushing kit with Anti-squeak formula 5 prelubed  
• Bolt-on mounting brackets are CNC Machined aluminum pillow block  
• Anti-Roll Bar is made from 1018 DOM metal
