  - 3/16 inch ASTM A-1011 pickled & oiled steel plate
  - 3/16 inch formed rack & pinion steering brackets
  - 1 1/4 inch lower crossmember mounting pins w/gusset.

### Coil-Over Upper Control Arms

- American made coil-over upper control arms are specially engineered, machined & TIG welded for strength, durability and also to bolt-on to your front end.
- Features:
  - MOOG OEM Screw-in Ball Joints USA Made
  - 1" DOM Material (Strongest in the Market)
  - Adjustable eccentric device engineered to adjust the camber & caster of your vehicle
  - Energy Suspension Greasable Urethane Bushing w/1018 DOM Metal Sleeve USA Made

### Heavy Duty Coil-Over Lower Control Arms

- American made coil-over lower control arms are specially engineered, machined & TIG welded for strength, durability and also to bolt-on to your front end.
- Features:
  - All Engineered, Machined & Fabricated in-house For the Highest Quality Control
  - Welded Coil-Over Mounting Bracket w/Correct Spring Index & Correct Spring Angle
  - Energy Suspension Greasable Urethane Bushing w/1018 DOM Metal Sleeve USA Made
  - MOOG OEM Screw-in Ball Joints USA Made
  - 1 1/4" DOM Material (Strongest in the Market)

### Coil-Over 2" Drop Spindle

- Specialty engineered for strength and durability
- Features:
  - USA Made 90,000 psi. (Yield Strength)
  - CNC Machined for heavy duty screw-in ball joints
  - Drop spindle uses bolt-on steering arms
  - Holes tapered for heavy duty screw-in ball joints Factory bolt pattern
  - Not Cast Steel

### Coil-Over Stock Height Spindle

- Specialty engineered for strength and durability
- Features:
  - USA Made 90,000 psi. (Yield Strength)
  - CNC Machined for heavy duty screw-in ball joints
  - Stock height spindle uses bolt-on steering arms
  - Holes tapered for heavy duty screw-in ball joints Factory bolt pattern
  - Not Cast Steel

### Custom IFS Plain Coil-Overs

- These American Made coil over shocks have been tested for optimum ride quality and suspension performance.
- Features:
  - Made from billet aluminum
  - Ride height adjustability with lower ring adjuster
  - Single knob adjustment with 16 way comfort capabilities
  - Engineered for strength and durability
  - Black powder coated coil springs are made from ASTM A-401 quality steel and are offered in 180 thru 500 lbs spring rates
